Learning Experience & Technical Enablement Specialist

Innovative learning experience specialist and curriculum developer with 8 years of experience in developing technology-enhanced learning solutions. Proven ability to lead the creation and implementation of educational content, resulting in enhanced classroom engagement and strong learning outcomes. Adept at bridging the gap between instructional design and complex technical concepts, including Python, engineering design, and AI/LLMs. Seeking to leverage multimedia production, LMS administration, and technical expertise to drive educational excellence and scalable enablement in forward-thinking environments.

Experience

SENIOR CURRICULUM DEVELOPER | PURDUE UNIVERSITY | OCTOBER 2021 – PRESENT

- Developed comprehensive multimedia curricula, including videos, assignments, assessments, and modular projects, for Python and MATLAB courses with over 2500 students each semester.
- Managed day-to-day LMS administration, course content, and learner access through D2L Brightspace, Gradescope, and GitHub.
- Developed Python programs to automate instructional data aggregation and presentation and grading student work.
- Administered GitHub organizations and CI/CD pipelines for Jupyter Book courses, engineering custom Python workflows to automate the generation of scalable web page content.
- Collaborated with Purdue faculty, instructors, and other stakeholders to review course materials and steer future instructional design development.
- Managed operational coordination and mentored over 20 graduate teaching assistants that staff classrooms and help rooms each semester, ensuring instructional quality and learner support.

MATH TEACHER | WEST LAFYATTE JR./SR. HIGH SCHOOL | AUGUST 2017 – AUGUST 2021

- Created and implemented highly organized course materials and instructional guides for students in grades 7-12.
- Taught in-person and virtual courses using Canvas, Google Classroom, and Zoom to over 100 students each semester.
- Integrated interactive technologies and digital collaboration tools such as Google Apps, Desmos, Edpuzzle, Kahoot!, PhET, and SMART to drive learner engagement.
- Analyzed data on student performance to provide meaningful feedback and adapt teaching strategies, evaluate content effectiveness, and adapt teaching strategies.

Education

M.A. IN SCIENCE EDUCATION | MAY 2017 | BALL STATE UNIVERSITY, MUNCIE, INDIANA

B.S IN PHYSICS | MAY 2015 | PURDUE UNIVERSITY, WEST LAFAYETTE, INDIANA

Skills & Abilities

Learning Experience & Multimedia: Instructional Design, Camtasia, Technical Writing, Curriculum Architecture.

LMS & Program Operations: Brightspace, Gradescope, Canvas, Jupyter Books, Learner Analytics, Training Logistics.

Technical Tools & Enablement: Python, Git & GitHub, CI/CD pipelines, Docker, Linux Administration, Visual Studio Code.

Professional Tools & Collaboration: Slack, Microsoft Office 365, Zoom, ChatGPT, Gemini, BOX

Activities and Interests

Tennis, software development, live music performance, community involvement, volunteering, and home server management.
