Profile

Innovative curriculum developer with 8 years of experience in developing technology-enhanced learning solutions. Proven ability to lead the creation and implementation of educational content, resulting in enhanced classroom engagement and strong learning outcomes. Adept at bridging the gap between instructional design and complex technical concepts. Experience with Linux administration, containerized deployments, and AI-integrated automation. Seeking to leverage curriculum development and technical expertise to drive educational excellence at scale in forward-thinking environments.

Experience

SENIOR CURRICULUM DEVELOPER | PURDUE UNIVERSITY | OCTOBER 2021 – PRESENT

- Developed curriculum, including videos, assignments, assessments, and projects, for Python and MATLAB courses with over 2500 students each semester.
- Managed course content through Brightspace, Gradescope, and GitHub.
- Developed Python programs to automate instructional data aggregation and presentation and grading student work.
- Administered GitHub organizations and CI/CD pipelines for Jupyter Book courses, engineering custom Python workflows to automate the generation of web page content.
- Collaborated with Purdue faculty, instructors, and other stakeholders to review course materials and steer future development.
- Helped mentor and manage the over 20 graduate teaching assistants that staff classrooms and help rooms each semester.

MATH TEACHER | WEST LAFAYETTE JR./SR. HIGH SCHOOL | AUGUST 2017 – AUGUST 2021

- Created and implemented course materials for students in Math 7, Math 8, Algebra I, Geometry, and AB Calculus.
- Taught in person and virtual courses using Canvas, Google Classroom, and Zoom to over 100 students.
- Integrated technologies such as Google Apps, Desmos, Edpuzzle, Kahoot!, PhET, and SMART.
- Analyzed data on student performance to provide meaningful feedback and adapt teaching strategies.

Education

M.A. IN SCIENCE EDUCATION | MAY 2017 | BALL STATE UNIVERSITY, MUNCIE, INDIANA

B.S IN PHYSICS | MAY 2015 | PURDUE UNIVERSITY, WEST LAFAYETTE, INDIANA

Skills & Abilities

Infrastructure & Cloud: Linux (Ubuntu) Server Administration, Proxmox, TrueNAS, Ubiquiti UniFi Networking (USW Pro Max, AI Ports).

Programming & Automation: Python, MATLAB, Git & GitHub, CI/CD pipelines.

Containerization & Software: Docker , Podman, Visual Studio Code , WordPress , Microsoft Copilot , Office 365.

LMS & Curriculum Architecture: Brightspace , Gradescope , Canvas, Jupyter Books.

A/V & Live Production: Identifying and resolving technical issues with computers and A/V equipment, Blackmagic ATEM routing, Allen & Heath audio systems, Dante audio networks.

Activities and Interests

Tennis, software development, live music performance, community involvement, volunteering
